From Washington. WASHINGTON, March 18 .- The President to day nominated to the Senate Charles Francis Adams, of Mass., as Minister to England; James Watson Webb, of New-York, Minister to Turkey; W. L. Dayton, of N. J., Minister to France. The last named Minister was confirmed; the rule requiring it to be referred having been suspended, as Mr. Dayton was formerly a member of the Senate, and his formerly a member of the Senate, and his character, therefore, sufficiently known without a formal investigation. This is the usual courtesy in such cases. The Senate also confirmed Benj. W. Trumbull as Receiver of Public Money at Omaha, N. T. and Ex Congressman Wm. A. Howard, Postmaster of Detroit, Michigan. Wm. S. Thayer, of New-York, was nominated for Consul General to Egypt, and Patrick J. Divine as Consul at Cork. Dr. Locke, of Ind., has been appointed Chief of the Agricultural

This compound will be found a great promoter of health, when taken in the spring, to expel the foul humors which fester in the blood at that season of the year. By the timely expulsion of them many rankling disorders are nipped in the bud. Multitudes can, by the aid of this remedy, spare themselves from the endurance of foul gruptions and alterous sores, through which the system will arrive to rid itself of corruptions, if not assisted to do this through the natural channels of the body by an alterative medicine. Cleanse out the vitiated blood whenever you find its impurities bursting through the skin in pimples, emptions, or sores; cleanse it when you find it is obstructed and sluggish in the veins; cleanse it whenever it is foul, and your feelings will tell you when. Even where no particular disorder structed and sluggish in the veins; cleanse it whenever it is foul, and your feelings will tell you when. Even where no particular disorder is felt, people enjoy better health, and live longer, for cleansing the blood. Keep the blood healthy, and all is well; but with this pabulum of life disordered, there can be no lasting health. Sooner or later something must go wrong, and the great machinery of life is disordered or overthrown.

Sarsaparilla has, and deserves much, the reputation of accomplishing these ends. But the world has been egregiously deceived by preparations of it, partly because the drug alone has not all the virtue that is claimed for it, but more because many preparations.

for it, but more because many preparations pretending to be concentrated extracts of i contain but little of the virtue of Sarsaparilla

contain but little of the virtue of Sarsaparilla, or any thing else.

During late years the public have been misled by large bottles, pretending to give a quart of Extract of Sarsaparilla for one dollar. Most of these have been frauds upon the sick, for they not only contain little, if any, Sarsaparilla, but often no curative properties whatever. Hence, bitter and painful disappointment has followed the use of the various extracts of Sarsaparilla which flood the market, until the name itself is justly despised, and has become synonymous with imposition and cheat. Still we call this compound Sarsaparilla, and intend to supply such a remedy as shall rescue the name from the load of obloquy which rests upon it. And we think we have ground for believing it has virtues which are irresistible upon it. And we think we have ground for believing it has virtues which are irresistible by the ordinary run of the diseases it is intended to cure. In order to secure their complete eradication from the system, the remedy should be judiciously taken according to directions on the bester.
